Artists Open Houses

Winter 2021

27 November - 12 December

Artists Open Houses offer you the unique opportunity to visit artists in their homes and studios and to buy work directly from them. As well viewing artwork by established and emerging local, regional and international artists, many exhibitors display ceramics, homewares, crafts, jewellery, children's toys, Christmas cards, tree decorations and preserves. In many houses you can sample festive food and drinks as you browse, easing you into your Christmas shopping, away from the high street crowds. Keeping things local, supporting the city and region's artists, whilst accessing unique and personal gifts in inspiring environments, are just some of the pleasures of the Artists Open Houses Winter festival.

This winter, Open Houses include a seniors' residential centre; a visual cultural dialogue between emerging local and African artists; an opportunity to have a family photographic portrait and the chance to step in to a Nordic Christmas experience!

The festival offers a wonderful opportunity to discover really exciting, inspiring and distinctive new work, alongside a host of unique handmade Christmas gifts, as well as providing a great day out exploring all areas of the city, from West Hove to Rottingdean and beyond.

Don't forget our new Virtual Open Houses strand, including online video tours round artists' houses, as well individual online galleries. You can hear about the artists' work, the processes of making and ideas behind their work and buy directly from the artists and makers without leaving home!

Opening times

Most Open Houses are open weekends from 11.00-17.00, but opening times may vary from venue to venue, so it is best to check individual brochure listings. Some venues are also open on weekdays.

Covid-19 information

All Open Houses will observe Government Covid-19 directives, should any be in place during the festival period. These may include mask wearing, hand sanitising, social distancing as relevant.

Please check www.aoh.org.uk for updates.

Ned Hoskins

1939 -2021

It is with great sadness that we share news of the recent death of Ned Hoskins, painter, tutor, and founder of the Artist Open Houses. In 1981, frustrated by the lack of visual arts in the Brighton Festival, Ned flung open the doors of his home to the public and the Fiveways Open Houses were born. The following year, other local artists began to open their houses and the phenomenon began to grow.

Opening his house and his art to everyone was important to Ned. He believed art is for everybody. He wanted ordinary people to be able to view and own original art. By removing the invisible barriers that kept people out of art galleries and inviting people into his home, Ned brought art to the people.

Ned's art has sold around the world, but the thing he was most proud of was the legacy of the Artist Open Houses. Ned will be much missed by his family and friends, those who had been his students and visitors to his Open House, but he will continue to be remembered through his art and his legacy of the Artist Open Houses.

AOH is planning a commemoration of Ned's work and influences for the May 2022 AOH festival.
